Members, the PASC UK legal Pack is here, and we have a Webinar on Tuesday to help you get the very best out of it, full details below.

NEW PASC UK LEGAL PACK AND MEMBERS WEBINAR TO SUPPORT IT

We are delighted to announce our Partnership with Stephens Scown Solicitors (SSS). PASC UK has worked with SSS since our inception – many of you will have met Tom Chartres-Moore on some of our previous Webinars on Cancellation policies and much more. Partnering with SSS is a ‘no-brainer’ for PASC UK because their knowledge and expertise surrounding our sector is unrivalled.

You can now find the Legal Pack live in the Members area on the website – this is our first major piece of work with SSS as part of the Partnership. We look forward to utilising their knowledge we face future challenges to our sector.

Please see announcement below on the first Member Webinar to support these papers.

A reminder as to what the Legal Pack contains.

1/ Terms and Conditions and House Rules

These will offer Members legally written T's and C's (Terms and Conditions) for holiday lets. These will encompass all the learning that we have all had during and since covid, and the need to have adaptable T's and C's as other threats and opportunities arrive. It could be EV charging, or accepting dogs, not wanting dangerous dogs, or Granny charging etc.

2/ CCTV Policies

If you have or are thinking about having CCTV at your premises, and this includes doorbell cams and some noise monitoring equipment, there are inevitably some legal hoops to jump through. This series of papers will help you become compliant and protect you from claims from guests and visitors to your property that you have infringed their rights in some way.

3/ Privacy and Cookie Policies.

These will only be relevant if you have a website, if you do these are a legal requirement and due to originating whilst in Europe, they undergo frequent changes. Sadly, there are people out there that will be mortally offended at having their human rights abused by an out-of-date Cookie/Privacy Policy and will seek redress. These papers will help protect you against that and ensure compliance.
